

# Pollution In A Promised Land: An Environmental History Of Israel

The modern Zionist vision began as a quest to redeem a land that bore the cumulative effects of two thousand years of foreign domination and neglect. Since then, Israel has suffered from its success. A tenfold increase in population and standard of living has polluted the air. The modern Zionist vision began as a quest to redeem a land that bore the cumulative effects of two thousand years of foreign domination and neglect. Since then, Israel has suffered from its success. Virtually undeveloped one hundred years ago, Israel, the promised "land of milk and honey," is in ecological disarray. It is a daunting task to write the environmental history of any country. The environmental field is a large and highly fragmented aggregation of disciplines and. Noah J. Efron, Bar Ilan University "Anyone who cares about the land of Israel should read *Pollution in a Promised Land*. It is critical to understanding the social, .
